TOGETHER
INFORMATION
™

CONNECT. INTEGRATE. SIMPLIFY. AND MORE.

Technology for every office, delivering advanced functionality, ease of use and peace of mind.
Every business is unique. That's why Toshiba offers the latest customisable solutions that can be tailored to meet your needs. Toshiba solutions help you simplify complex tasks while managing diverse information —efficiently and safely to maximise your productivity.

Toshiba's latest series delivers on our promise of Together Information - our commitment to collaborate with clients to provide tailored, cost-effective solutions that meet your print, document management and content needs while helping you to meet your green objectives.

**Superior document workflows with impressive colour output.**
Don't restrict yourself. Colour can make all the difference and with Toshiba's e-STUDIO5015AC series you can expect top-notch image quality. Combine this with advanced features and you have a multifunction system which covers even the most demanding needs.

› Advanced Toshiba e-BRIDGE Next controller technology for easy integration into IT environments and customisation of document workflows.
› Impeccable, high-quality output with a resolution of up to 1,200 x 1,200 dpi.
› High-volume consistency of colour across small and large print jobs.

SIMPLE. SMART AND STYLISH.

Toshiba has designed the e-STUDIO5015AC series to ensure utmost user experience. Via the 26 cm (10.1"), tablet-style multi-touch screen, which is fully customisable, the sytems are intuitive to use and increase your productivity and efficiency.

Complicated multi-step processes can be turned into one-touch functions and will help streamline your document workflows.

ADVANCED TECHNOLOGY FOR MORE EFFICIENCY.

Success in today's business world requires a great amount of flexibility and the possibility to access information and data anytime from anywhere. And the e-STUDIO5015AC series is ready for this.

Flexible integration with third-party solutions applications, an embedded web browser and the support of cloud and mobile printing are just some of the features, which will enhance your efficiency and boost your productivity.

Streamline your everyday tasks with ease though Toshiba's innovations in embedded app technologies and connect directly with popular cloud and on-premise platforms right at the panel.

Seamlessly connect with your business platforms

> Find better ways of managing your compliance obligations
> Introduce business efficiencies through simple workflows and automation
> Handle hard copy documents with ease
> Eliminate information security concerns with on-board direct-to-platform processing (no intermediate software or cloud services)

State-of-the-art security

Of course, none of the advanced features of the e-STUDIO5015AC series jeopardise security. At Toshiba, protecting your business' data is at the top of our minds while designing our products and we offer a large range of built-in and optional features:

> The self-encrypting Toshiba Secure HDD provides top level security and makes unauthorised access to the data virtually impossible.
> Card readers not only provide an extra layer of security but also give direct access to the user's print jobs. We offer a large choice of card readers with different features to ensure your needs are covered.
> By adding optional security functions the systems become compliant with IEEE2600.1 and meet the EAL3+ Common Criteria requirements.

COMPACT, STYLISH AND FULLY CUSTOMISABLE

The e-STUDIO5015AC series comes with a small footprint packed with industry-leading technology and innovations. Designed to help workgroups connect, integrate and simplify processes the systems have an amazing set of features.

Auto Calibration ensures perfect image quality with consistent colours and crystal-clear lines from the first to the last page.

RGB Colour Substitution allows accurate colours with office applications so that your documents are printed exactly the way you want.

Multi Station Print Solution allows you to send print jobs from your desktop and retrieve them at up to 50 different MFPs by authenticating at that device, e.g. by simply swiping your badge.

Embedded Optical Character Recognition (OCR) simplifies the creation of searchable PDFs and editable document formats such as Microsoft Word.

Scan and Fax preview allows to review, rotate and modify your scanned documents or incoming faxes before saving or printing them.

Scan to USB is great for working with your documents when on the go. And with the possibility to create PDF/A-2 files your documents are ready for long-term archiving.

Print from USB for quick and easy printouts. If necessary, the MFP will automatically scale your documents to fit the available paper size.

E-mail Direct Printing can automatically print attached documents from e-mails sent to the MFP.

Barcode printing gives you the possibility to send print data from your ERP system directly to the MFP. The barcode sequence is automatically processed and printed without the need of additional middleware.
